	This Statement of Deficiencies was generated as a result of the annual state licensure survey conducted at your facility on 11/04/08.							
	The survey was conducted using Nevada Administrative Code (NAC) 449, Residential Facility Groups Regulations, adopted by the Nevada State Board of Health on July 14, 2006.							
	The facility was licensed for 6 total beds.							
	The facility had the following category of classified beds: Category 2 - 6 beds							
	The facility had the following endorsements: Residential facility which provides care to elderly and/or disabled persons with Alzheimer's Disease.							
	The census at the time of the survey was 3. Three resident files were reviewed and 2 employee files were reviewed.

Each contract of insurance must contain an endorsement providing for a notice of 30 days to the bureau before the effective date of a cancellation or nonrenewal of the policy. This Regulation is not met as evidenced by: Based on interview and record review, the facility failed to provide a certificate of insurance. Findings include: During the survey on 11/4/08. the Certificate of Liability Insurance policy was observed to have expired 3-10-08. The Administrator was unable to produce a current Insurance policy during the survey. On 11/4/08 at 4:45pm, the administrator called the Bureau of Health Care Quality and Compliance (BHCQC) and indicated she did not renew her insurance policy this past year. The Administrator revealed she thought it had expired last month. Severity: 1 Scope: 3 Y 179 449.209(6) Health and Sanitation-Screens Y 179 SS=B

Findings include: The living room screen did not fit snuggly into the window frame. There was a gap in the screen frame approximately 1 inch wide allowing entry of insects. The window was open at the time of survey. Bedroom #1 screen did not fit snuggly into the window frame. It was loose in the window. Resident #1 resided in this bedroom. The resident's bed was against the wall by the loose screen. The window was open at the time of the survey. The administrator was made aware of the condition of the screens. Employee #2 revealed he tried to fix the living room screen and placed a piece of wood on the frame to prevent the gap. Findings include: On 11/4/08 at 8:50am, during the tour of the facility, a piece of paper was noticed on Resident #2's dresser. The Administrator indicated the paper listed the results of the resident's blood sugar test. On 11/4/08 at 8:50am, during the tour of the facility, the administrator revealed she performed the blood sugar test for Resident #2 twice a day. The doctor requested the results remain in the resident's room for him to review during his visit. The administrator was unaware she was not permitted to perform the blood sugar test on the resident. The administrator indicated the resident was unable to perform her own glucose testing. The family had stopped utilizing the home health agency due to the expense. On 11/4/08 at 9:30am, Resident #2 was unable to understand and answer any questions asked to her. A review of the record indicated Resident #2 was admitted 6/4/08. The History and Physical Examination dated 5/20/08 indicated diagnoses of Chronic Renal Insufficiency, Diabetes Mellitus, Hypertension, Organic Affective Disorder, Dementia, Hypercholesterolemia and Urinary
